Your Estate: Power for Good

Many of us know how overwhelming it can be to begin the estate-planning process. The McLeod Health Foundation offers an important resource to assist in understanding estate-planning tools in the comfort of your own home through our Planned Giving website.

The website is full of information to help you understand the many opportunities available with charitable estate planning, as well as options useful for your particular situation.

Valuable areas available on the site include:

- Factors to consider when contemplating estate planning
- A summary of planning options
- In-depth description of charitable options
- Glossary of terms to understand
- Frequently asked questions
- Areas in need of support through the McLeod Foundation
- Directory of local Professional Advisory Council members
- Information on the Dr. F. H. McLeod Legacy Society

We hope you will spend some time visiting our website. As always, we are here to assist you by providing materials and free estate-planning assistance. Please feel free to contact **Roxanna Tinsley** in the Foundation office at 843-777-2694 for more information.
